"Fantastic. It was a solid running experience from start to finish. Thanks for everything. That is incredible. I am really going to enjoy that second life. Humorous, fun, easy to use and full of character, I can't compliment you enough. Thank you so much. I'm going to name my cat Caspian "CASHPEAN" Thank YOU!!!"

"Mark, I have completed Lost Sun and hold on my character for trading to get back to Main. I'm going to make some sort of content for the game!"

"Okay! I have now been playing this game for around 5 hours. It is surprisingly really enjoyable. The combat was not too frustrating as I've been on a new account since April on a game you could say before H1Z1 became Facebook. I don't think this game will upset any H1Z1 players of just for me to play."

"Mark, I just noticed that this game has both the Paradise Lost and House of Bread and Sin keys. Why is that?"

As the aim of the pre-release is to present a more refined game than the final, there are still many missing features. You can: - access raid or party bosses even if you're out of level - access boss escorts in non-boss maps - teleport to other party members' locations - access items on the ground to move or equipt - have a unique photo for your party leader (suggested name: "Pillar of the Gaze") - obtain a photo of your party members in bosses' room to use it to enter party bosses - more!! In addition, it's also possible to play the game directly online with other players, with a different process and feeling. Details on how to access are being worked on. * In the future, there may be a possibility to change the game settings and make some features on the server side optional.

Elden Legends is an action game that takes place between God and the hero, and features a gameplay structure that makes players develop and expand their characters by immerse them in the Lands Between.

By creating a fantasy world made up of eastern mythical elements, where one can claim freedom by forging their own path and protect mankind as a hero, we aimed to create a story filled with joyful moments and a world that everyone would enjoy exploring. It is at a high fantasy world that the battle between God and hero goes on. The main characters from the game are the five legions, and each one of them has its own strengths, which cause strange phenomena to happen in the game world. Players can naturally immerse themselves into a battle for control of a magic sword using close-up perspectives. Without neglecting the budget, we performed a great deal of research and development to ensure that the game itself would be just as satisfying as the various recipes and items that players can come across in the game world.

We are looking forward to hearing your feedback! We are also very interested in hearing whether you have questions regarding our actions, so please contact us anytime if you have any concerns regarding Elden Legends.
