Select the tools available in the basic or creative workspace to work on that layer. Rice and his collaborators enlisted the help of scores of children in assembling a 32-foot scroll depicting the history and promise of the Dia de los Muertos celebration in Mexico. Photo by Jimmy Lutchman Robert Merrell 1 of 6 Dia de los Muertos, or Day of the Dead, Oct. 31, is a Mexican tradition in which people gather for a family-friendly remembrance of their deceased relatives. It’s also a day to celebrate the deceased. In 2010 a new generation of Mexican artists and designers joined Dia de los Muertos celebrations, bringing to life an eclectic array of festivities that had not been previously seen. For the Dia de los Muertos 2011 event that features art, music, film, workshops and more, the Moonrise Center for the Arts and the Dia de los Muertos planners are taking a look at some of the Mexican traditions and celebrating their influence on Day of the Dead: Art. The Dia de los Muertos celebration includes art, photography, animation and film. The earliest Dia de los Muertos ceremonies, which have been held in Mexico since ancient times, were a way to honor the ancestors and provide a place for the deceased to meet with the living. A contemporary Diwali festival in New Mexico, which has strong roots in Dia de los Muertos traditions, has similar themes. In 2011, the Moonrise Center for the Arts in downtown Newburyport features an exhibit by photographer Helen Aviles and artist Eric Rice titled “Remembrances and Reminders.” Aviles and Rice will present a public talk on Dia de los Muertos to be held at the Moonrise on Thursday, Nov. 1, at 6 p.m. Film. A new film titled “This Day for Dia de los Muertos” features the storytelling of Ediza Gutiérrez. Produced by the Dia de los Muertos festival held in Oaxaca, “This Day for Dia de los Muertos” chronicles the Dia de los Muertos festivities that took place over the course of five days in Oaxaca, Mexico.
