

**Resident.Evil.6.Update.5-RELOADED CPY |VERIFIED|**

I just did my updates and i downloaded a trainer to my game and inside that trainer it showed that i was on the 4.1.0 so i did a search for where the trainer got saved to my PC and i saw that it was saved to my desktop so i saved it to my game folder and i've been playing that trainer. And i have 4.1.1 but it still says 4.1.0 It's fine. I've been waiting for this one to come around. You must be the for a DualShock 4. But if you don't want one, I suppose it's okay. I only had one problem with it though. I was trying to join cod and the game crashed. Every time I tried to join, it would crash. And I have the first one for the ps4 and I was thinking of buying the 360 version and wondering if you have it already? It's fine. I've been waiting for this one to come around.
