
!!TOP!! Download Ubuntu 15.04 Highly Compressed

[Download](#)

Linux Mint 15 "Olivia". Linux Mint 15. Cinnamon version. On this page, you can download Linux Mint directly or via torrent as an ISO image. As a rule, at the moment there is no support for the Russian language in official releases. Linux Mint 15 "Olivia" is the most "delicious" release. It comes with KDE Plasma 5 and Xfce 4.5 graphical environments, KDE Applications as the main desktop, and Foobar as the boot manager. The operating system comes with dozens of programs and games, and there are utilities to use as a server.
