If you're interested in the latest Adobe Photoshop CC, here are the official details. You can download it now for \$9.99. Do note that it does not come bundled with Photoshop for iPad, so you'll need to purchase that separately, too. Unfortunately because of the upgrade the plugins don't work and my art history knowing plugin has been removed along with my Resize and Thematic plugins. I have been using it for years and it's the best tool in my art toolbox!

Nikon D300s, 14-54mm f/3.5-5.6 G, T1i The reason I love Photoshop is too many features like the brush engine. Its enough to make you fall in love. In the beginning, the sophisticated and powerful tool will baffle you, but after a while you'll realize you're not using the brush tool for Photoshop's purposes originally, but for many other purposes. Get used to the idea of using the brush tool for other things in Photoshop. I am very sorry to hear that your plugins are not working anymore, I am also using this program, because of these plugins. I am amazed how I have used this program and these plugins, and I have created much things, and I own a business, and these plugins have created a lot of business for me.

NIKON D300S, 15-85mm f/3.5-4.5 I have owned Photoshop since version 2, and I can't imagine successful photo editing without it. I've resisted upgrades because of Photoshop's price, which is why I use Gimp instead, but version 5 was such a quantum leap for me that I don't see the point anymore. Photoshop is the industry standard for photo editing.
