It is a native of Western Asia and was formerly used as an herbal remedy. It is also known as Witches' Posy. It grows freely in wild and gardens. It has yellow flowers, which reflect the colours of spring. Hollyhocks are traditionally associated with valentines, and the flowers are used in wedding bouquets. It has been associated with love and romance since prehistoric times. The healing properties of the hollyhock, that make it a well-liked plant, are very similar to those of the parsley. It is well known for cleaning the blood, relieving flatulence, and curing constipation. It can also cure various digestive problems. This is one of the reasons why hollyhocks are known as Witches' Posy or Love Plant. It is also said that you should look for the colour blue hollyhocks if you want to find love. Tips on How to Grow Hollyhocks : Ensure that you have enough space. It will only grow up to 2 feet height. Do not over water them. The soil needs to be full of manure. Holly f988f36e3a
