

## **Pokemon Ametrine Version**

The gang is back! There's a new Pokémon adventure in the works, plus a few new challenges to pursue! New Game+. Ametrine City is a town in Inukami's Pokémon GO. There are not many people who live here, but those who live here were nice to me and my father. I would like to talk to him, but he does not seem to be around anymore. It is strange though, because he was here just before he left. I am sorry for bothering you, but I think I might be able to solve a mystery. Along the way, he had a little black dog with him. He was so kind to her that sometimes I was jealous. I thought that I would try to catch some monsters, but what I found was a little disturbing. My Pokémon GO has more than doubled in size. The number of villagers and the number of creatures I was supposed to catch doubled. What has my father done? Ametrine City Pokémon. But the number of villagers and the number of creatures doubled. Can you help me with this mystery? The original cards were printed during the 1994-1995 Pokemon Trading Card Game (TCG) card boom. Ametrine City is the eighth of eight cities which initially appeared in different colors, each of which was introduced at the end of a month in the TCG. These eight cities acted as the focal points of the region, which featured villages, trainers, and gyms. The exception was Bruno City, which acted as the focal point of the region until it was later introduced as a training ground for new trainers. Ametrine City is the only city which is not to be found in the TCG, and its logo has become a much-copied and used logo for several companies, most notably carrying over the colors and outline, as well as the baguette. The Ametrine City logo has become the unofficial logo of Nintendo of Canada. The logo was inspired by the logo of the card game Magic: The Gathering. Contents Cultural influence Ametrine City has had a significant influence on the game design of Pokémon as a whole.[4][5] Aside from the main story, the city is the home of a single gym. Pokémon from all Generation I games can be found there, which showcases the Ametrine Region's influence on the types of Pokémon available in the game. In addition, the main antagonists of the anime and manga episodes based
