Download Rennie & Roberton's Textbook of Neonatology Have a look at this great books, where you will find various download links to Rennie & Roberton's Textbook of Neonatology: Expert Consult: Online and Print Details Book. The goal of this book is to provide a reference for all health care professionals dealing with neonates and infants. It is a practical reference for physicians, nurses, and allied health professionals who take care of newborns and their parents. It is particularly useful as a reference for those attending to newborns in the primary care setting (family practice, pediatricians), or those in a hospital setting, including primary and tertiary hospitals. Neonatology provides a foundation for understanding newborns and a broad overview of

the medical care and the medical diagnosis and management of the newborn. It is available in electronic format for reading directly from your computer or for reading directly off a CD or DVD.
